VIDEO PRODUCTION & WEB DESIGN SERVICES

SERVICE & DESCRIPTION	COST
<p>Live Performance Videography</p> <ul style="list-style-type: none"> Your full live set captured on 16x9 widescreen 1080p high definition digital video with high quality stereo audio from a camera mounted shotgun microphone. Service includes the importing of the video and audio from the video camcorder onto the computer. 	\$75
<p>Live Performance Video Compression & Upload</p> <ul style="list-style-type: none"> Your entire performance will be edited into separate songs, and the audio levels balanced out as best possible. Then, each video will be compressed into high quality MPEG-4 format for uploading to any video hosting website account you choose. 	\$25
<p>Live Performance MPEG-4 Audio Tracks</p> <ul style="list-style-type: none"> The audio levels from your live performance will be balanced out as best possible with minor post-production adjustments. Each song is edited into a separate lossless AIFF stereo audio file, and converted into a 256kbps MPEG-4 AAC Audio file (.m4a). 	\$35
<p>Actor's Reel</p> <ul style="list-style-type: none"> Your acting reel assembled according to your instructions in any resolution up to 1080p HDV encoded for online viewing. Overall technical quality of your reel is dependent upon the quality and resolution of the footage and materials you provide. 	<p>\$100</p> <p>(Additional costs are dependent on extra materials that need to be purchased or created for your reel such as animated graphics, movie/TV program purchases, and music.)</p>
<p>Actor's Reel: Updated Edit</p> <ul style="list-style-type: none"> Once your reel has been completed, everything will be securely stored for easy updating of your reel in the future. This service is only to add or replace footage to your existing reel. If you want a brand new reel edited together from scratch, it will be charged as a new reel. 	<p>\$50</p> <p>(Additional costs are dependent on extra materials that need to be purchased or created for your reel such as animated graphics, movie/TV program purchases, and music.)</p>
<p>Original Website Design</p> <ul style="list-style-type: none"> A CSS & HTML based website will be designed from scratch with full original layout and graphics based on your instructions and materials provided. Additional costs are based on the complexity of the website you request, and the volume of time required to create it. An exact quote and invoice will be provided after a consultation with you. 	\$200
<p>Template Based Website Design</p> <ul style="list-style-type: none"> You will choose a website template from any website of your choosing, and it will be customized with your graphics and content according to your instructions. No Flash based websites accepted. Additional costs are based on the complexity of the website you request, and the volume of time required to create it. An exact quote and invoice will be provided after a consultation with you. 	\$100

A \$20 minimum advance deposit is required for all services, and payment in full must be provided before the final product is delivered for your use.
